Complete Dispersion

by public auction of the entire herd owned by

GLENN & ELOISE KIRK

Edinburg, Illinois, January 14, 1949

This herd, established in 1944 through the purchase of the entire famous Rookwood Herd owned by Dean C. F. Curtiss, Ames, Iowa, has been maintained on a most practical basis and under ideal conditions for the health and development of the calves. The herd is Accredited for Bang's. Calfhood vaccination is practiced. These cattle can go anywhere.

Imp. Royal Rothes, Perth Supreme Champion and sire of the great bull Conner's Keystone Mint that made such a good record in the Rookwood Herd.

General Information

LOCATION—This sale will be held at Rookwood Farm, owned by Glenn & Eloise Kirk, Edinburg, Illinois. The farm is 5 miles East and 1 $\frac{1}{4}$ miles North of Edinburg on the Mt. Auburn hard road. It is 9 miles due North of Taylorville, Illinois, on the Mt. Auburn hard road. From the North come to Stonington on Highway 48, then 5 miles West and 2 $\frac{1}{4}$ miles North.

Those coming by train may come to either Springfield or Decatur, Illinois. Prospective buyers will be met in either city if advance notice is given.

TIME—The sale will start promptly at 12:30 P. M. Central Standard Time on Friday, January 14, 1949.

LUNCH—Will be served at the farm by the Grove City Ladies Aid.

GUARANTEE—Although this is a complete dispersion, the cattle will be sold with liberal guarantees. Since our herd is Accredited for Bang's Disease and has always been maintained under ideal conditions for the health and proper development of the cattle, we have the utmost of faith in them and are perfectly willing to offer them under the following guarantee:

All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. Heifers under 16 months at the time of the sale are not guaranteed to be breeders. All other females are guaranteed to be breeders. All bulls are guaranteed to be breeders if properly cared for and not allowed to run with the herd. Notice must be given within 90 days of any female or bull that seems to be a doubtful breeder. In case an animal fails to be a breeder up to a 6 months time limit, the owners, Glenn and Eloise Kirk, agree to refund in cash without interest the difference between the purchase price and the slaughter price. The above guarantee shall constitute a contract between Glenn and Eloise Kirk and the buyer of each lot. Neither the Sale Manager nor the Clerk of the sale assumes any liability, legal or otherwise.

The owners are retiring from active farming but will continue the ownership of land on a tenant basis. The owners will reside in Blue Mound, Illinois, where they may be reached at any time by letter, phone or wire.

REGISTRATION—A certificate of registry and a signed transfer will be furnished for each mature animal sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Where footnotes appear in this catalog, they were written by the owners.

HEALTH—Calfhood vaccination has been practiced regularly in this herd. This herd is Accredited for Bang's Disease. Health Charts will be provided with each animal on sale day. These cattle will comply with the health regulations of ANY state.

LIABILITY—We will not be responsible for any accidents that may occur but will make every effort to provide for the safety and comfort of our guests.

MAIL BIDS—Those wishing to buy at this sale who cannot be present may send their bids to Hal Longley of The Shorthorn World, Merrill Abrahams of the Drovers Journal, or to either of the Auctioneers.

AUCTIONEERS—Hamilton James, Newton, Illinois, and H. P. Miller, Danvers, Illinois.

SALE MANAGER—Hal Longley, 16 S. Locust St., Aurora, Illinois.

A Sale You Should Attend!

The announcement that Glenn and Eloise Kirk will disperse their entire herd on January 14th is not pleasant news because they have made a wide circle of friends all of whom recognize them as staunch advocates of Shorthorn cattle. However, because they must devote all of their time during the next few years to the retail business which they maintain in town, they have rented the farm and must sell the cattle. It will be good news to all that they promise to reestablish the herd later when their time permits.

This herd, established in 1944 through the purchase of the entire famous Rookwood Herd owned by Dean C. F. Curtiss, Ames, Iowa, has been maintained on a most practical basis and under ideal conditions for the health and development of the calves. The herd is Accredited for Bang's. Calfhood vaccination is practiced.

The dispersion will contain 35 lots, 10 of the cows selling with calves at foot. Most of the cattle represent a blend of the blood of two famous Perth supreme champions . . . Imp. Calrossie Mercury and Imp. Royal Rothes . . . a combination hard to beat. In service at the time the herd was purchased from Dean Curtiss was the bull **Edellyn Mandate Mercury** and many of his daughters are in the herd. Following his death the great bull **Conner's Keystone Mint** was used with great success and many of the younger cattle are by him. In service at present are the two young red bulls **Rookwood Mint** and **Leveldale Guardian** and both will be sold in this dispersion. The former is a three-year-old son of Conner's Keystone Mint and his calves prove him to be a very good sire. The latter, a summer yearling son of Imp. Glas-tullich Celtic out of an imported Augusta dam, was purchased early this year from Mathers Bros.

Although this is a dispersion, the owners have faith enough to place a complete guarantee behind each animal. The cattle will not receive special fitting for this sale but they are in good flesh and the entire herd is in a high state of production. If you are seeking royally bred Scotch Shorthorns . . . members of the famous Rookwood families . . . this is a sale you should attend.

HAL LONGLEY

of The Shorthorn World

A herd like the one shown above will bring you pleasure and profit. Why not establish such a herd on your farm? A strong foundation can be purchased in this sale.

We Invite You

It is with deep regret that we announce this dispersion. When we bought the entire famous Rookwood Herd from the late Dean C. F. Curtiss, Ames, Iowa, we felt that we were taking advantage of his years of experience and that we were starting at a point that many do not reach after a lifetime of effort. Our investment proved thoroughly sound because each family had been tested for prolificacy and each animal proved a dependable producer.

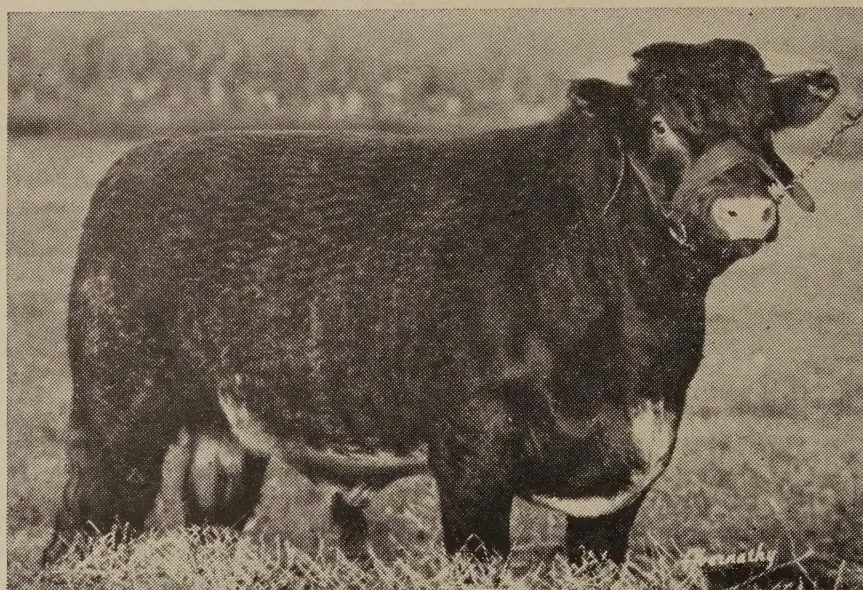

Although we have not maintained the herd long enough to amass a fortune from the Rookwood Shorthorns, our investment has returned liberal dividends. The bulls have sold readily at private treaty and those animals that have been consigned to leading district sales have sold at or near the top. Moreover, we know that our farm produces better crops than any neighboring farms and we attribute this to the cattle.

We like our Shorthorn cattle, have made many lasting friends among Shorthorn breeders, and even though we will be engaged in another business for the next few years, we will always be boosters for the Shorthorn breed. We intend to keep our land and, when time permits, we will be back in the business again. In the meantime, we wish you all success. We are confident that those who buy the members of the Rookwood Herd will find them to be both prolific and profitable. We invite you to be with us on sale day.

GLENN and ELOISE KIRK.

Remember . . .

1. This herd was founded in 1944 through the purchase of the entire famous Rookwood Herd owned by the late C. F. Curtiss, Dean of the Iowa State College at Ames, Iowa.
2. Dean Curtiss had concentrated on the blood of Browndale Count and the Perth champion Imp. Calrossie Mercury. We have introduced the blood of another Perth champion, Imp. Royal Rothes.
3. This herd is Bang's Accredited (certificate number 981). We practice calfhood vaccination. These cattle can go anywhere.
4. Some of the best buys are found in dispersion sales.

Imp. Glastullich Celtic, the famous sire in service in the Mathers Bros. herd. Lot 1 is his son.

Leveldale Guardian—We purchased this young bull from Mathers Bros. early in 1948 in order to bring to our herd the improving influence of Imp. Glastullich Celtic. Note that he is out of an imported cow sired by Cruggleton Air Chief and that his granddam was a daughter of the noted Cruggleton Willingdon. Leveldale Guardian will be sold in this dispersion along with a number of heifers carrying his service.

Rookwood Wimple 20th is a very sweet heifer and the only member of the strong Wimple family that we have left. Our herd bull Rookwood Mint came from this same family. This cow was bred July 3, 1948 to Leveldale Guardian.

Scene as members of the South-Central Illinois Cattle Breeders' Tour inspect the Rookwood Farm herd of Glenn and Eloise Kirk, Edinburg, Illinois, in which sons of two Perth supreme champions are in service.

The Cattle in This Herd have not received special fitting for This Sale. They are offered in Thrifty, Farm Condition.

Although this is a Complete Dispersion, the Owners Have Faith in These Cattle and Offer Them with GUARANTEES.

Shorthorns are the ideal cattle for American farms. Why not establish a herd like this on your farm?

Rookwood Golden Chain 11th is a very good headed heifer. She was born a twin with a bull. We sold the bull as a steer to Bill Glenn at Olin, Iowa, and he won his class at the Jones County Fair in 1948. He was sold at the fair in August, weighing 1180 pounds, for \$41.75 per hundredweight. We kept the heifer to see if she would breed. She settled on the first service, May 3, 1948, to Leveldale Guardian.
